

Resident Manor Matters August 2007

The weather certainly has been great this month for getting out in the garden. We had beach days. Children from Berwick Day Camp came up for an afternoon. To keep cool we have had a number of ice cream socials. The residents have been out on several picnics. We had a week of camp time with camp songs, stories & games. Some days were too warm for outside activities.

The renovations & construction all winter were at times noisy & confusing but the air conditioning now throughout the upstairs makes it much more comfortable for staff & residents.

Leighanne Tate will soon be leaving on maternity leave and Karen Spracklin will be working in activity for this time. We welcome her to the Manor & hopes she enjoys her stay. At Resident Council Monday July 30 residents & activity staff presented Leighanne with a baby gift.

We are now planning our annual Ticket (Chinese) Auction for early October. Due to renovations we had to cancel it in the spring. The money raised from this event goes to the resident activity programs. The date we have set for the auction is Saturday October 13/07. Watch for more information as time draws near.
