

## **Manor Matters February 2010**

February was busy with Valentine's and our Olympics. We had our Valentine Tea's and programs. Queen was Shirley Vacheresse and King was Gordon Strum. We had our own Olympics starting with a parade. Ed Coleman playing his bag pipes led the parade. Kaleb Salsman who carried the torch in PEI was also here for the parade as well. Games played were Curling, Luge, Hockey and Ski Shoot. Scores were kept and all residents who participated received certificates and medals.

Susan Ueffing was in for an afternoon of traveling music.

Thanks to all who have left your old calendars and greeting cards. They are greatly appreciated.

As always our volunteers are very important to us and we can always use more. If anyone has a few extra hours and would like to share it with our residents please call Lynn Hardy at 538-3118. Also, anyone who plays music and would like to share with us we would love to hear from you. Music is a universal program. Everyone benefits from it.

We are looking forward to spring and nice weather to get out for drives and sunshine.

Fred Walsh was in for an interesting afternoon. Fred shared his thoughts and knowledge about life. It was really enjoyed by the residents.
